Santa Cruz Hagonoy, Bulacan 3002

Graduating IT student specializing in web and mobile app development, with a passion for creating user-friendly, efficient solutions. Eager to gain hands-on experience and contribute to impactful projects.

Education Level

Bulacan State University – Main Campus – City of Malolos, Bulacan **2021- 2025 (graduating)**
Bachelor of Science in Information Technology Major in Web and Mobile Application Development
Relevant Coursework: Web Development and Design, Mobile Application Development and Design, Front-End Technologies, Back-End Development, User Interface (UI) and User Experience (UX) Design

Academic Projects

GUIsq (Project Manager) **2023- 2024**

- Developed a web-based system to modernize record-keeping, improve communication, and manage member data for the Christian Bible Church of Hagonoy (CBCH). The system addressed issues related to data loss, communication delays, and member tracking using secure digital storage, automated announcements, and customizable dashboards.
- Developed a management system using React.js (frontend), Node.js and Express.js (backend), and MongoDB (database).

Company Training

Salesforce Philippines **2023**
Admin Trainee

- Trained as an Admin trainee for 3 months, gaining hands-on experience in managing Salesforce tools and systems.
- Admin Superset

Organizational Experience

Society for the Welfare of Information Technology Students **2023-2024**
Managing Director for Production

- Served as the head of the organization's production team.
- Led and coordinated photo and video shoots for the organization and occasionally the university, focusing on high-quality production. Managed the production of the largest IT congress in Bulacan in 2022 and 2023, overseeing photo and video documentation, including the quality of same-day edits.
